

The CU Energy Club Partnership Program

cuenergy.org

Fall 2015

Why support the CU Energy Club?

Your support is needed so the CU Energy Club can continue to uphold its mission of offering diverse opportunities for all students to learn about and become contributing members of the Boulder energy community.

Energy Frontiers Conference

Boulder Muni Forum

What activities need your support?

- **Bi-weekly energy talks** – discuss policy issues and bring in relevant speakers
- **Monthly meetings** – host industry professionals to speak about their experience and specific energy related topics
- **Tours** – The club offers tours of 2-3 labs/companies per semester
- **Mentorship Program** – Partner industry professionals with student members to encourage additional growth
- **Energy Frontiers Conference** – The Energy Club's largest event of the year open to both students and community members with high profile speakers, panel discussions and an energy specific job fair

ABOUT THE CLUB: The CU Energy Club is the largest student group on the University of Colorado, Boulder campus. The primary focus of the club is to provide opportunities to connect students to the energy industry. The club is interdisciplinary, with members from engineering, business, environmental studies, arts and sciences and law, and is open to all others with interest across the campus. The CU Energy Club hosts numerous energy related programs throughout the year including the Energy Frontiers conference, which is open to the general public. In addition, the CU Energy club works with a variety of groups and organizations across campus to connect students to the energy industry.

The CU Energy Club Partnership Program

cuenergy.org

Fall 2015

The CU Energy Club is a non-profit University of Colorado affiliated organization. The Club requires financial input from the local community to continue to provide the high level of programs to CU students and the local community. If your organization is interested in partnering with the CU Energy Club for the 2015-2016 academic year, please consider the partnership levels outlined below. If your situation does not fit within the partnership packages described below, please contact the club to determine a better arrangement for your support.

	Platinum	Silver	Bronze
Partnership Level	\$5,000	\$2,000	\$500
